Kiana Alexander

Software Engineer

Hagerstown, MD | (313)-329-3545

[personal site] | github.com/kalex2018 | linkedin.com/in/kiana-alexander-1b910a211/ | alexander.kiana.e@gmail.com

Technical Skills

- Javascript, Node.js, React, Express, RESTful APIs, PostgreSQL, Sequelize, Scrum, Git, Bootstrap, HTML, CSS, Debugging

Education

DigitalCrafts | *Certificate in Full-Stack Software Engineering*   Nov 2022 - June 2023

- Software engineering training program covering full-stack development including, but not limited to, JavaScript and PostgreSQL, including an emphasis on cutting-edge frameworks such as React/Redux and server-side technologies including Node.js and Express (PERN Stack)

Software Development Portfolio

[Personal Website]

Date Night Randomizer | https://dinner-and-a-movie.netlify.app/index.html | https://github.com/JohnGallion/dinner-and-a-movie
- Member of a 3-person development team building a front-end app allowing users to generate a random movie & dinner recipe
- Learned how to utilize Bootstrap, make API calls, and gained experience in asynchronous Javascript

Restaurant Application | https://github.com/mac909/dcBackendProject
- Member of a 3-person development team building a full-stack app with a back-end focus. Users can order different entrees from a restaurant menu, as well as view, edit, and delete specific items
- Contributed to the initialization of the PostgreSQL database and the front-end UI
- Learned how to integrate databases with front-end apps, and gained experience with Sequelize

[Personal Solo React Matching Game]

Professional Work Experience

Moore RMG | *Junior Software Engineer*   May 2021 - Current

- Assists in developing and debugging internal applications for employees and external clients
- Customizes software to assist over 200 non-profit & commercial clients
- Troubleshoots and debugs existing code while assisting with other IT tickets
- Collaborates with senior team members on long-term projects

CVS Pharmacy | *Pharmacy Technician*   Dec 2020 - June 2021

- Completed a detailed data entry & verification process regarding written and/or electronic prescriptions
- Responsible for the safety, accuracy, and privacy of handling patients' prescriptions while complying with HIPAA guidelines
- Abided by federal and state laws when dealing with controlled substances

Community / Volunteer Experience

Coxsackie Ambulance | *EMT Internship*   July 2015 - June 2016

- Transported patients to hospitals, took vitals, and assisted Paramedics in high-stress situations when necessary
- Completed PCR's (Pre-Hospital Care Reports) with accurate data entry to inform Emergency Department triage centers of both patient and treatment information
- Attended workshops and additional training outside of school under the supervision of senior advisors (Certified EMTs, Paramedics, & Law Enforcement)

Theater Club | *Backstage Theater Director / Prop Master*   2012 - 2016

- Managed 20-50 people while delegating individual responsibilities behind the scenes of local theater productions
- Assisted in the coordination of set builds, managed costuming, organized props & developed time management skills
- Developed interpersonal & leadership skills while working effectively with the Director, alongside the lighting & sound department to ensure a smooth final production
